All Recipients

The amount of Utah withholding shown on this statement should be claimed as a credit on your Utah income tax return.

Recipients and Beneficiaries of Partnerships and Trusts, and Resident Shareholders of S Corporations

If production payments and withholding amounts are distributed to you, a Schedule K-1 should be furnished by the payer to show your proportionate share of production and withholding payments. The proportioned withholding amount is the amount of credit to be claimed on the Utah tax return. Please attach a copy of the Schedule K-1 showing the credit to support your claim.

Partnerships, Trusts, and S Corporations

If production payments and withholding amounts are distributed to partners, beneficiaries and resident shareholders of S Corporations, you **MUST** furnish a Schedule K-1 to each recipient that shows his or her proportionate amounts of production and withholding tax. Do not issue separate forms TC-675R to show these amounts. Only producers licensed with the State of Utah for mineral production tax withholding may issue form TC-675R.
